

DRUNKEN AUTO DRIVERS SOON SUBJECT TO FINE

COUNCIL PASSED STRINGENT ORDINANCE COVERING INTOXICATED AUTOISTS

BECOMES EFFECTIVE OCTOBER 7

Smoke Nuisance Is Also Discussed By Representatives of River Street Factories

The city commissioners at their meeting this morning passed an ordinance prohibiting persons in a state of intoxication to run any motor vehicle along any street or parkways within the city limits. The text of the ordinance will be found on page 6 of this issue of the Telegraph. Any person convicted of a violation of the ordinance is subject to fine of not less than \$25 for the first offense and for each and every conviction thereafter shall be fined not less than \$100. The ordinance does not become effective until 30 days after its passage, hence will not go into force until October 7.

Requests were presented to the council by T. J. Miller & Son and R. W. Sterling, druggist, asking the right to erect electric signs in front of their places of business. The permits were granted in each instance.

A number of the insurance agents of the city submitted their rates for furnishing indemnifying bonds of all employees of the city. Mayor Schmidt appointed a committee, composed of Commissioners Smith, Dyssart and Dana to investigate the various propositions and to report later.

Several of the owners of the factories along East River street were present at the council and the matter of trying to abate the smoke nuisance in that section of the city was revived again. Attorney A. C. Warner on behalf of the Water Company stated that the company had taken the matter up with various concerns and that they had been unable to find any successful smoke consumer. Mr. Roper and Mr. Suddlin also make the same report, but all were willing to do all they could to assist in abating the nuisance.

On investigation it was found there was a defect in the axle and it had snapped in two. The car was towed to a garage for repairs.

The accident was caused by the collapse of a wheel when Mr. Hubert tried to turn out of a rut, and the machine tipped over. The car was removed to the Kelley garage in Franklin Grove while the Huberts were taken to Mr. Kelley's home where their injuries were attended by a Franklin Grove physician.

ANNUAL CLAM BAKE WAS GREAT EVENT

OVER TWO THOUSAND MEN ENJOYED OUTING AT TRUMAN FARM

ENTERTAINMENT WAS PLENTIFUL

The most successful in the history of Dixon Elks' clam bakes was the one held Monday at the Truman farm; a perfect day, excellent arrangements, plenty of food, good vaudeville and music and two red hot wrestling matches combining to give everyone of the 2500 men, of whom nearly 1000 were from out of town, a day completely filled with enjoyment.

From 9 o'clock in the morning until after 5 o'clock in the afternoon the grounds were thronged with pleasure seekers and from the clowder to the fried chicken the "eats" were in constant demand.

During the day the DeKalb Male quartet and the Marquette orchestra furnished music, while a burlesque ball game between teams from the Dixon and Sterling lodges furnished a lot of fun. Ed LaMont, a clever monologist entertained well, keeping his hearers in convulsions of laughter with witty remarks.

The wrestling matches were especially good. Carson won the preliminary from Burns of Rockford straight falls, while the main match went to Hurley of Clinton, who disabled Red Wolfe of this city in the second fall of their match so badly that he was unable to continue. Wolfe won the first fall in four minutes while Hurley put Wolfe to the mat with a leg hold in 23 minutes for the second down.

HOMEcoming OF OSBORNE ONE OF MOST NOTABLE EVENTS IN SING SING'S HISTORY

SING SING PRISONERS WELCOMING WARDEN OSBORNE

Photo by American Press Association.

For two weeks the convicts of Sing Sing had to worry along without Warden Thomas Osborne while he enjoyed himself at Bar Harbor and Newport. But when the warden returned it was a glad homecoming. The warden was welcomed with one of the finest and showiest parades ever seen. There were speeches and singing, and all 800 marchers, there were flags by the hundred and bunting by the mile. There were cameras were clicking, and moving picture machines were recording the pleasant scene by the yard. There was no doubt that Sing Sing was glad to see the warden, whose pet name among the convicts is Tom Browne. In the accompanying illustration is shown men from the jobbing shops in the procession entering the Sing Sing grounds.

WASHINGTON STILL UNCERTAIN OF WHAT SANK THE HESPERIAN

CONSUL FROST'S MESSAGE SAID LINER SANK WHERE IT WAS TORPEDOED

NOTE EXPECTED FROM GERMANY

U. S. Government Has Little On Which To Base Claim Ship Was Torpedoed

(Associated Press)

Washington, Sept. 7.—Official dispatches received here still leave in doubt whether the liner Hesperian was sunk by a torpedo or a mine. A dispatch from Consul Frost referred to the Hesperian having sunk where she was torpedoed. It is believed that there were no American passengers aboard. Two American stewards, McMillen of Grand Rapids, Mich., and Dallas of Buffalo, were saved.

"Undoubtedly" Torpedoed
In an affidavit received at the state department the officers of the Hesperian declared that from the fragments of steel which fell on the deck of the liner it was "undoubtedly" shown that the vessel was torpedoed.

Washington, Sept. 7.—Beyond the belief that certainly the German government must make some statement with regard to the sinking of the Canadian liner Hesperian, no conclusions were reached here as to the effect the incident will have upon the relations between the United States and Germany and the submarine issue generally.

The state department was closed

RUSSIANS IN PANIC AT RUMOR OF RIGA'S FALL TO GERMANS

BERLIN NEWS AGENCY SAYS EMPEROR NICHOLAS WILL MOVE RESIDENCE

GERMANS SAY PORT WILL FALL

Russ Evacuate Dago Island, Which Has Great Strategic Importance

(Associated Press)

The Over Sea News Agency, Berlin, says that a panic was caused at Petrograd yesterday by rumors that Riga, the Baltic port, had been captured by the Germans and that the Russian armies along the Dvina have been destroyed.

Rumors Denied.

Toward evening the newspapers published official denials of the rumors. "However," the agency continues, "the spread of the panic and the reports that Emperor Nicholas was to make a trip to the front are only a pretense to veil the removal of the Emperor's residence to the interior."

Nicholas In Command

Emperor Nicholas in a message to the president of France announced that he had taken entire command of the Russian armies.

Board Of Review Is Through; Dug Up Large Sums

\$401,335 Added To Taxable Property In County - Four Towns Unchanged

The board of review completed its labors this morning after ten weeks of strenuous work and have "dug up" \$401,335 that the assessors of the various townships had overlooked. The board carried on the work systematically and put in long hours searching available records. There were only four townships in which they did not change the assessors' total returns, these being East Grove, Hamilton, May and Nelson. In Ashton they had the greatest problem to contend with and the list of objectors was large. After comparing the assessment made in land valuations with those of adjacent townships they felt that the valuation was too large and a general reduction was made. The valuation of bank stock in a number of banking houses in the county was raised and the board likewise felt justified in raising the valuation of stocks of goods carried by merchants.

ROBBERS GOT JEWELS OF MRS. J. O. ARMOUR

TWO MEN COMPEL RICH WOMAN AND MAIDS TO STAY IN ONE ROOM

VALUE OF ARTICLES IS \$7,500

(Associated Press)

Chicago, Sept. 7.—Mrs. J. Ogden Armour, wife of the Chicago packer, today related a thrilling story of her experience last night with two masked armed robbers who, at the points of revolvers, looted the Armour residence on Michigan avenue of jewelry valued at \$7,500.

Had Retired for Night.

Mrs. Armour had retired for the night and was awakened by a knock at her bedroom door. She arose and opened the door and instantly a pistol was pressed to her face. She grasped the barrel of the weapon and threw it over her head and despite a blow from a "billy" she continued to struggle and call for help.

Maids Overpowered.

Meanwhile the other bandit overpowered the three maids. In reply to a question Mrs. Armour told the robber she had left her jewels at her Lake Forest home, to which the robber threatened: "I'll knock your teeth down your throat if you don't tell me where the stuff is."

Wire Had Been Cut.

Then while one of the robbers held Mrs. Armour and the maids prisoners in the concert room the other thief swept the dresser of jewelry and both escaped.

The telephone wires to the residence had been cut. None of the servants, housemen or chauffeurs were aware of the robbery until the bandits had escaped. Mrs. Armour, entirely composed, was able to give a thorough description of the men.

FRIGHTFULL AUTO SMASHUP BRINGS TWO NEAR DEATH

THREE CARS PILE UP AT INTERSECTION—ALL WERE RUNNING TOO FAST

MISS HOWELL IS VERY LOW

Dixon Young Lady Has Compound Fracture of Skull—Oregon Lad Has Brain Concussion.

Bulletin, 3:30.

Late this afternoon the attending physicians stated that the condition of Miss Howell and Mr. Ray was not improved.

Miss Agnes Howell, the 21 year old daughter of Mr. and Mrs. E. N. Howell of Dixon, is at Katherine Shaw Bethesda hospital suffering with a compound fracture of the skull and there is very grave doubt as to the chances of her recovery.

Lee Ray, a young man from Oregon, Ill., is also at the local hospital with concussion of the brain and a fractured collar bone. He may be injured internally. The attending physician says Ray has a fair chance to live. A dozen other persons were more or less injured in the accident which may prove fatal to two.

The above is the net result of the collision of three automobiles at the corner of Galena avenue and Chamberlain street at about 8:45 o'clock Monday evening. The three cars, which are all total wrecks, are said by eye witnesses of the tragedy, to have been traveling at a high rate of speed. The matter of the law violation is in the hands of the local police and the state attorney's office and further developments may result.

Parties In Accident.

The three car loads of people who were concerned in the accident were: Horace Cartwright, driving a Ford car which was owned by Harry Emerson of Oregon (Mr. Cartwright is a son of Supreme Judge James Cartwright of Oregon); Lee Ray, son of a farmer living near Oregon, Miss Agnes Howell and Miss Helen Tribou of Dixon; an Enger car, a powerful six-cylinder, seven passenger machine, driven by Ralph Wilson of Polo and occupied also by W. Wilson, the owner of the car, Ralph Keckler, Van Lannen, Harry Stoakes and John Krug, all of Polo, and a Buick six, "15," seven passenger, driven by Wm. Hermsmeier and owned by Frank Hermsmeier of 123 Galena St., Freeport, occupied by Paul Smith, Russell Youngblood, Albert Bosterdorf and George Diefenthaler, all of Freeport.

Charge Racing.

According to the story told a Telegraph reporter by several reliable eye witnesses, the Buick from Freeport and the Enger from Polo were racing north on Galena avenue and the Buick is said to have passed the Enger and was leading it by perhaps two car lengths when the two racing machines, traveling at high speed, it is said, reached the intersection of Galena and Chamberlain. Horace Cartwright and party in the Ford were driving west on Chamberlain street and witnesses say that the Ford car was running at a very fast rate of speed before it reached Galena avenue. The Ford car cut out on the Ford was open and was making a great deal of noise and the driver did not hear the two cars running north on Galena. When he reached the intersection, he says that he slowed down, but on seeing the two cars coming toward him, and misjudging the distance and their speed, he believed he had time to cross the intersection before they reached him, which he attempted to do.

The driver of the Buick car also believed he could get by the intersection ahead of the Ford, and swinging out a trifling, the Buick forged ahead.

Stories of the collision vary, but it is believed that the front of the Ford struck the speeding Buick on the side, slightly back of the middle. The Buick turned completely over, with all four wheels spinning in the air, and the Ford went up in the air and over on its side. The Enger car, which was following close behind the Buick, had no opportunity to escape, and so this big car also piled up on the

DUNNE STOPS PRIZE FIGHTING AT PRISON

"Egregious Blunder" He Wires
Acting Warden Ryan.

Chicago, Sept. 7. — Characterizing the boxing bouts within the prison walls at Joliet a "gross, egregious blunder," Gov. Dunne sent from Chicago a telegram to Acting Warden Lawrence Ryan, stopping the ring battles which were then in progress. Two lightweight pugilists who were pummeling each other for the prisoners' entertainment stopped, and others waiting their turn in the ring donned their clothes.

Gov. Dunne was aroused to wrath when he read accounts of prize fights given Sunday on the honor farm for the entertainment of 100 honor convicts. When he learned that more bouts were part of the Labor day program inside the prison he acted immediately.

"It was a gross, egregious blunder," said Gov. Dunne at the Hotel La Salle. "I can not conceive of any official making such a mistake."

Michael Zimmer, the newly appointed warden, is in St. Joseph, Mich., resting before taking over the prison affairs.

GEORGE FITCH
Author of "At Good Old Siwash"
THE UNIVERSITY OF ILLINOIS.

The University of Illinois is a striking illustration of what happens when an American state wakes up and begins to get interested in education. Illinois had done so well with men like Lincoln who were educated by and that it didn't think it worth while to spend any money on higher education until the seventies. The University at that time was an industrial school, the first college in the country to give shop training. It pursued a feeble and neglected existence until the nineties and at every legislative session some honest farmer delegate rose up in his cowhide boots to move that the University be discontinued and the campus be devoted to the fattening of pigs.

Twenty-five years ago, however, the farmers suddenly discovered that their fields could be educated through the school of agriculture and from this minute the University of Illinois began to grow. At that time it had only a few hundred students and Illinois college teams abused its football players with impunity. Now it has 5,500 students and has beaten all foot-

ball teams as far west as they could be found out of hiding.

The University of Illinois is located in Champaign and Urbana on a vast campus made out of superfine corn land. The campus rises in places to an eminence of five feet. It has more flowers on it than any campus east of California. It has many vast buildings, some of which are fortunately hidden by its magnificent trees. It has the largest drill hall in the world and enough cadets to officer an army if necessary. It has a cattle-judging barn more handsome than some palaces, the ninth largest college library in the country, a lot of fraternity houses which make a city hotel look small and unimposing, one of the greatest engineering schools in the world and a presidential candidate in the shape of James R. Mann, an alumnus.

Illinois also has George Huff. He does not have a Doctor's degree, but he is one of the most successful members of the faculty, having turned out graduates from his baseball team about fifty big league players. Illinois has held the baseball championship of the collegiate universe for many years.

The state of Illinois gives its university \$2,500,000 to spend each year and has more farmers with college degrees than any other state in consequence.

QUARANTINE PROVES SUCCESSFUL SO FAR

AUTHORITIES OF GOVERNMENT
TELL OF FIGHT AGAINST CAT-
TLE EPIDEMIC HERE.

Washington, D. C., Sept. 6.—Additional territory in Illinois is quarantined for the foot and mouth disease by an order effective September 3rd. This action was taken by the federal authorities because of the discovery of an infected herd close to the line between Lee and Bureau counties, a part of the latter county being already under quarantine. The territory closed by the new order includes the townships of Ohio, LaMoille and Clarion in Bureau county and the townships of East Grove, May and Sublette in Lee county.

In addition to the federal quarantine, stringent regulations isolating the infected farms are being enforced by the state and local authorities in the counties where the pestilence made its appearance again early in August. Exposed herds have been slaughtered as rapidly as the necessary labor could be procured and the roads leading from the infected premises closed until the work of disinfecting has been completed. The fact that this is the threshing season has increased the inconvenience caused by these measures but the necessity for prompt and vigorous action has in general been recognized by farmers as well as officials. Up to the present

he measures adopted have been successful in confining the contagion to the sections in which it first made its appearance.

CARRANZA DENIES HIS MEN RAIDING BORDER

Washington Apprehensive Over
Menace Along Rio Grand.

Washington, Sept. 7.—American soldiers and Carranza troops face each other across the border at Mission, Texas. That there is danger of a serious conflict is admitted by officials of the war department. In a dispatch received by Elizo Arredondo, the Carranza agent in this city, First Chief Carranza makes a positive denial that his troops are taking part in the border raids.

Mr. Arredondo repeated a statement made Sunday that if the American government makes a careful investigation it will become convinced that such bands who are making trouble on the border have other origin and are directed by people who have no connection whatever with the constitutionalist government and who reside under the jurisdiction of the authorities of this country.

WOMAN'S BEAUTY NO SECRET.

It all lies in the care she bestows upon herself and in keeping at bay those dread ills peculiar to her sex. The flashing eye, the elastic step and the clear complexion never accompany organic trouble. The distressed expression, lassitude, headaches and mental depression are only the tell-tale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, and restore their health to a normal condition.

Slothower-Pearse

The home of Mr. and Mrs. R. J. Slothower of 213 Sixth street was the scene Saturday evening of a pretty wedding, that of their son, Edward V., to Miss Martha Pearce, the daughter of Mr. and Mrs. S. B. Pearce of LaSalle.

Asters, dahlias, and ferns beautifully arranged throughout the house made a charming setting for the ceremony as the bride party took their places under the canopy of wedding bells and pink and white festoons at the ceremony hour, 8:30 o'clock. Miss Marjorie Slothower, accompanied by Miss Josephine Altman, sang directly preceding the ceremony as the guests assembled. Cadman's "At Dawning," and "For You Alone" by Gehl. Miss Altman also played softly Wagner's wedding march from Lohengrin. The bride was attended by a friend from LaSalle, Miss Margaret Gibbons, while her brother, Frank Pearce, acted as best man. Dr. F. D. Altman, pastor of St. Paul's Lutheran church of this city, read the wedding service, the single ring ceremony being used. The bride was attired in white crepe de chine with lace and carried a bouquet of bride's roses, while her bridesmaid wore pale green.

Immediately after the ceremony the guests were seated at two long dinner tables handsomely decorated in smilax, white asters and pink roses, and with Mrs. Cyrus Heley as caterer, and Mesdames M. Blackburn and Ray Burrs, serving, a three course dinner was served.

About forty guests were present, among them Mrs. F. D. Altman, Mrs. I. D. Reynolds, and Mr. and Mrs. Wm. B. Slothower and family and Mr. and Mrs. Belknap of Dixon; the bride's parents, Mr. and Mrs. S. B. How To Make the Quickest, Simplest Cough Remedy

Much Better than the Ready-Made Kind and You Save \$2. Fully Guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 54 cents—a full pint of better cough syrup than you could buy for \$2.50. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never spoils.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in quaiacol, which is so healing to the membranes.

To avoid disappointment, be sure and ask your druggist for "2½ ounces Pinex," and don't accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Dolan-O'Malley Nuptials

In a beautiful ceremony at St. Patrick's church, this city, Monday morning at 7:30 o'clock Miss Dora O'Malley, the youngest daughter of the late Mr. and Mrs. Peter O'Malley, was united in marriage to Attorney John Dolan of Chicago. Father Foley officiated, reading the nuptial mass. A niece of the bride, Mrs. Grover Cordell of Moline, acted as matron of honor and Thomas Dolan of Chicago, a brother of the groom, served in the capacity of best man. Urban O'Malley and Raymond McElroy, nephews of the bride, served as ushers. The bride was gowned in her travelling suit of brown broadcloth with hat en costume.

Following the ceremony a sumptuous four course breakfast was served at the home of the bride, at 711 Peoria avenue. Yellow and white chrysanthemums combined with ferns and palms decorated the various rooms of the house. The breakfast was served by Misses Blanche and Grace O'Malley of this city, Misses Mae and Anna McElroy of Moline and Miss Alfreita O'Malley of Kewanee, all nieces of the bride. Following the breakfast the wedding gifts, many beautiful ones in silver and cut glass, were inspected by the guests.

Mr. Dolan, also a graduate of Dixon college, from the law department, is a rising young Chicago attorney and also has many friends in Dixon. Mr. and Mrs. Dolan left Monday forenoon on a wedding trip of several weeks' duration and later will be at home to their friends in Chicago where the groom has a home furnished.

HENRY CLEWS SEES GOOD CONDITION.

The weekly letter of Henry Clews of New York, says:

A decided sense of relief developed in financial circles when it became known that Germany was ready to conduct its submarine warfare upon the lines requested by the United States government. This welcome concession on the part of Germany was naturally gratifying to American sentiment; and has, it is hoped, permanently removed all serious friction between the two countries. Details may require time for adjustment, but if the present spirit of conciliation is preserved on both sides, all fear of a serious rupture, or becoming involved in the war, will disappear. As a danger point, therefore, the Lusitania and the Arabic incidents may be considered as safely passed.

Confidence in home business affairs is everywhere gaining, and in the best banking circles there is universal expectation of good fall trade. Things in general appear to be on the mend. Trade and traffic are still below normal but the tide is rising. The banking situation in the United States was probably never sounder or more satisfactory than at the present moment. The new banking system is working smoothly; and the danger in this part of our economic machinery is more in the direction of an over-expansion than in contraction. According to a recent statement made by the Comptroller of the Currency, the banks of the United States have in their power to expand loans fully \$3,000,000,000. The present harvest equals and is even exceeding all expectations as to quantity. Wheat, corn and oats promise to surpass the earlier government estimates; and the only drawback in the grain outlook is the reported injury to wheat from excessive moisture, also the certainty of a rush of wheat into European markets when the Dardanelles are opened. Wheat and oats will be record crops and corn nearly so. The cotton outlook is, of course, unsatisfactory. While the situation has been changed by the placing of cotton on the contraband list, it will not materially affect exports since shipments to Germany had previously been almost suspended. The yield this year will undoubtedly fall considerably below last year's crop, which will offset the loss of exports of about 3,000,000 bales to Germany and Austria. Fortunately, there will be no difficulty in financing the crop.

STATUS OF AN EX-PRESIDENT.

Mr. Roosevelt is willing to stand by the president "so long as the president stands by the country." What standing by the country means he hasn't left in doubt, and to a man of such intense convictions the case is of course very simple; the people are to stand by Theodore Roosevelt till war begins and then it is the obvious duty of a patriot to stand by the country. The Colonel has been an ex-president considerably longer than Mr. Taft, but has been much slower to realize that his status is that of a private citizen. The duty of standing by the president does not begin with the outbreak of a war, and it is never greater than during the times of great crisis when the government has a difficult course to steer. There is no renunciation of freedom to form and express opinions as to the nation's duty, in refraining at such a time from violent and ill-considered utterances which embarrass the responsible head of the State. Has Theodore Roosevelt ever for one moment tried to be helpful to the President?—Springfield Republican.

SPEED BRINGS ON MORE TROUBLE.

Dixon has been the scene of another terrible automobile accident and, as it almost always the case, the tragedy has resulted from too much speed. As long as men and boys who lack responsibility are allowed to drive automobiles, they will continue to drive them fast on city streets and they will continue to come together at street corners. "Joy riding" in town is not only dangerous to the people in the car, but is a menace to every other car and pedestrian.

ALL EMPLOYED, BUT ONE.

And now the nation is called upon to face the problem of what to do with our ex-secretaries of state.—Binghampton Press.

Root is a useful citizen, Olney is a respected old gentleman, Philander Knox is earning an honest living, Bacon is learning to be a soldier at Plattsburg, Day is sticking close to his job as supreme court judge. It's only the fellow who never should have been secretary of state at all who's making the trouble.—Syracuse Post-Standard.

NO BRYAN-PEACE WANTED.

The Bryan idea in its latest exposition seems to be that we should hesitate, vacillate, dodge, hedge—do anything in the way of shirking and avoiding rather than face responsibility with courage and straightforward determination. No individual and no nation ever avoided trouble by trying to run away from it. Peace we all want, but not the kind of peace that means dodging around the corner or crawling into a hole.—Baltimore Star.

If we don't agree with Bryan we are a jingo and if we differ with the Colonel we are a mollycoddle, and so there you are. No matter which way you decide, you are labeled in a most embarrassing way by one of our leading citizens. Or would you call 'em misleading?

This has been an easy summer on electric fans—and think what a lot of 1915 model palm beach suits will be seen on the boulevard next summer. Dixon will have a boulevard by that time. She has the P. B. suits now, in numbers.

Somebody sanely suggests that skirts should be high enough to escape the mud and low enough to escape criticism.

WHAT GOV. DUNNE SAID

OF LIFE INSURANCE

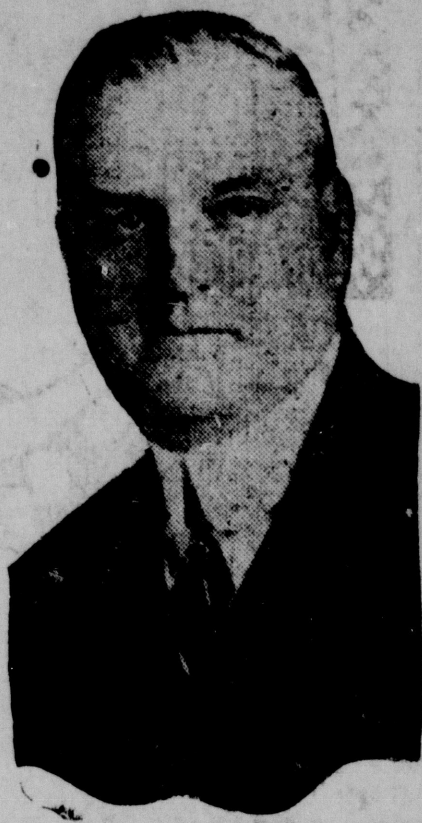

There is no reason on earth why the people of this state who want insurance should purchase that insurance from a great company outside of Illinois when there are companies in this state working under the supervision of the State Insurance Department that sell policies that are equal, if not superior, to those from a distant state.

The Peoria Life Insurance Co. is a Home Company, operating in the home field, and furnishes the best policies the law permits.

RHODE ISLAND JURIST
VICTIM OF ASSASSIN

Revenge Is Believed Motive for
Killing Justice Knowles.

Providence, R. I., Sept. 7.—Judge Willis H. Knowles of the Eighth District court of Rhode Island was mysteriously shot by an unknown man while leaving his summer home at Situate, R. I., to take the Danielson car for this city.

Judge Knowles had reached a point about 200 feet from the door of his home when his housekeeper heard a man's voice shout: "I've got you now, you —" followed by three shots. Rushing out the housekeeper found the judge dead, apparently killed by the first shot.

Two bullets entered his back and one lodged in the jaw. The motive for the crime is believed by the police to have been revenge for Judge Knowles' activity in assisting the game commission in enforcing the game laws.

DEFENDS GULF OF FINLAND
(Continued from Page 1)

Steamer Is Sunk.

The British steamer Dictator has been sunk, the crew of forty-two being saved.

London, Sept. 7.—German naval forces hold the mastery of the Gulf of Riga, according to dispatches received here from Berlin. Teuton warships are reported to have entered the gulf, compelling the czar's war vessels to beat a hasty retreat.

The Russians evacuated Dago Island, says a Copenhagen dispatch. This island is in the Baltic between the entrances of the Gulf of Riga and the Gulf of Finland.

Gulf of Finland Defense.

Naval observers here assert it possesses strategic importance in the defense of the Gulf of Finland, but the island of Osel interposes between it and the Gulf of Riga.

A dispatch from Petrograd reports German scouting seaplanes appeared above Vibon strait, at the entrance of the Gulf of Riga, and threw bombs at the Russian torpedo boats. Gunfire from the attacked ships drove the aircraft away before any damage was inflicted, the message concluded.

Interest in developments on the east front centers in the German drive against the Russian defenses on the Dvina.

Russ Driven Across Dvina.

Here the Muscovites are making a desperate stand to prevent the capture of Riga, the seaport that holds the key to a drive on Petrograd.

In the vicinity of Friedrichstadt Russian forces which had crossed to the left bank of the Dvina near Linden were driven back across the river. The Germans, according to word from the Russian capital, have set fire to the bridges over the Dvina in this region and have launched a movement to force a crossing.

Between Jacobstadt and Riga the Germans are reported to be on the defensive.

ELIHU ROOT REMARKABLE FIGURE
AT CONSTITUTIONAL CONVENTION

Elihu Root was the central figure in the most remarkable gathering held in New York state in years, the convention to revise the constitution of the Empire State. He presided with dignity and in the closing hours of the deliberations of that body spoke for the short ballot. His address, easily the feature of a day crowded with debate, created a decided stir. After Mr. Root had finished delegates crowded up to shake his hand and congratulate him. William F. McCombs, chairman of the Democratic national committee, who was a visitor to the capitol, called Mr. Root's speech "a truly masterful address." In the closing moments of his speech Mr. Root was much affected by emotion, and many of Mr. Root's friends in the convention could not conceal their feelings. General Wadsworth, father of the junior United States senator, and ex-Attorney General George W. Wickersham both were brushing away tears as Mr. Root concluded. It was not what he said so much as the manner in which he said it—an undertone with a tense note of deep conviction in it. The consensus among the delegates was that such a speech had never been heard before at the capitol.

Cormick to let him have it for distribution throughout the motion picture theatres in the United States. He made an agreement with the leaders of the suffrage movement, whereby the latter can directly profit by the World Film exploitation of this remarkable photograph.

One of the thrilling incidents of the picture is the scene between Kate Smith, and Ben Austin, husband of Rosalind, when the girl (Kate) trapped, struggles desperately to kill Ben and he struggles just as desperately to save his prodigal life and take Kate's. It is said to be the most realistic scene ever portrayed. Don't fail to see this picture tonight at the Family Theatre.

Now Does Her Own Work.
Lydia E. Pinkham's Vegetable Compound Helped Her.

Ironton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

Daughter Helped Also.
"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like."—Mrs. RENA BOWMAN, 161 S. 10th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

COMB SAGE TEA IN LIFELESS, GRAY HAIR

Look young! Common garden Sage and Sulphur makes so naturally nobody can tell.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

WOMEN OF ILLINOIS.

WOMEN EVERYWHERE ENDORSE THIS "FAVORITE."

Mt. Vernon, Ill.—"When I was very poorly, I doctored all summer with a physician and paid him fifty dollars for advice and medicine. I did not get fifty cents' worth of benefit. The following spring, being overworked, tired out and worn out, and learning of Dr. Pierce's Favorite Prescription, I tried one bottle. It helped me so much that I got three more. I kept gaining in health and after four months I was so well that I took no medicine for two years."

"If women in my condition will use Dr. Pierce's Favorite Prescription they will get the strength they need, with little expense."—Mrs. J. L. FAULKNER, 1401 West Broadway, Mt. Vernon, Ill.

Thousands of women in Illinois who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions to perfect health.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Doctor Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

SCHOFIELD HOTEL AND COTTAGES

This popular resort is almost as well known as the Dells. It has been entertaining summer guests for forty years, and has lately been enlarged in capacity by the erection of a large modern building, fully equipped with every modern convenience, and affording dining room, assembly parlors, etc. This is an addition to the popular cottage plan, and adds to the previous popular attractions of the older system. The hotel and cottages are in extensive grounds, delightfully shaded by large oaks, and being away from the river is most especially desirable for families with children. The location is in the edge of Kilbourn on a pretty resident street, but a pleasant walk from the river and depot, and with regular free bus and carriage service to these points. The large hotel is not surpassed in this locality in point of modern style and comfort. The annex cottages and grounds make it altogether everything that anybody would desire. The test of efficiency is in the table. This hotel is especially noted for its excellent table board. Fresh butter, eggs, vegetables and fruit are supplied daily from the farm, and its preparation by a professional chef is perfect; chicken dinners twice a week.

family for week or longer. Rooms with bath must be applied for in advance. Rates: \$2 per day, \$12 per week, half rates for children; rates made to family for week or longer. Rooms with bath must be applied for in advance. Free use of garage.

HELP THE OLD FOLKS

A HELPING HAND EXTENDED TO MANY OLD PEOPLE IN DIXON

The infirmities of age are many. Most old people have a bad back. The kidneys are often weak. Or worn out with years of work. Backache means days of misery. Urinary troubles, night of unrest. Doan's Kidney Pills have helped to make life easier for many. They are doing so for old and young.

Dixon people are learning this. Read the following local endorsement.

Mrs. E. Bott, 811 College Ave., Dixon, says: "My advanced age probably has much to do with my kidneys becoming disordered. I had kidney trouble a long time before I knew it. The chief symptom was backache and severe pains across my kidneys. It was often very hard for me to get up or down. Doan's Kidney Pills had been used in my family with such good results that I got some at Leake Bros. Co.'s Drug store. One box rid me of the backache and toned up my system." (Statement given April 15th, 1909.)

OVER FIVE YEARS LATER, Mrs. Bott said: "Whenever I have any trouble from my back or kidneys, I use Doan's Kidney Pills and get prompt relief."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bott had. Foster-Milburn Co., Props., Buffalo, N. Y.

the curb and Mr. Ray struck the pav-
ement. Miss Howell was carried to the
Joseph McCleary residence nearby
and Mr. Ray was taken to the George
Beale home. They were both removed
to the hospital later.

Extent of Injuries.

Miss Howell, whose condition is
the most dangerous, and who has
grown no better today, was found to
have a compound fracture of the
skull, on the forehead over the left
eye, extending from the edge of the
hair to the middle of the forehead,
and at the base of the brain at the
back. Her nose is broken and several
teeth broken out. She has been par-
tially conscious at intervals since the
accident.

Lee Ray is in a semi-conscious con-
dition. He is suffering from con-
cussion of the brain and a fractured
collar bone. It is feared that Ray might
be injured internally. Cartwright of
Oregon has slight injuries on the arm
and head. Wm. Hermsmeier of Free-
port was gashed on the leg, and
Keckler and Lannen of Polo were

considerably bruised.

Miss Helen Tribou of Dixon was
not seriously injured and beyond the
jar and shock of the accident, she is
no worse for her experience.

Police Investigate.

The police immediately took charge
of the situation and made an effort
last evening to inquire into the cause
of the accident. They took testimony
from the various members of the party.
The police found that the Freeport
car contained a quantity of beer. Offi-
cial investigation has shown the po-
lice that all three cars were traveling
at a speed much greater than the law
allows. Justice of the Peace George
W. Hill conducted the investigation
at the city hall last night.

Talented Young Lady.

Miss Agnes Howell is one of Dixon's
talented young ladies. She is an
artist of considerable ability. She has
been attending the Museum of Fine
Arts in Boston and was preparing to
return to school next week to contin-
ue her studies. She is the granddaugh-
ter of Mr. and Mrs. A. H. Tillson.

WASHINGTON IS WITHOUT NEWS

(Continued from Page 1)

Monday, all but one or two officials
observing the holiday, and no further
information on the subject was re-
ceived from any of the department's
representatives abroad. What few in-
dications there were of opinion in
official circles led to the belief that
the administration will welcome any
fact which tends to show that it was
not a torpedo which caused the sink-
ing of the Hesperian.

Unable to Ascertain Cause.

The sinking of the Hesperian be-
fore she reached Queenstown is re-
garded by many as a favorable in-
cident to the extent that it will make
it more difficult to determine posi-
tively whether the vessel was struck
by a torpedo or a mine. As the case
stands now, though, it is generally
believed that a torpedo caused the
damage, but there is no positive proof,
while examination of the vessel her-
self is out of the question.

According to reports received so
far the Hesperian was struck in the
darkness; no submarine was sighted,
nor the wake of a torpedo observed.
There was simply a violent explosion
and that was all. Persons taking the
German point of view lay much stress
on the fact that practically all on
board were British or Canadians,
hence biased in their opinions and
presumably more than ready to be-
lieve that a German submarine
caused the disaster.

Mine Theory Hard to Accept.

While officials find it most difficult
to believe that either the German gov-
ernment or a submarine commander
would do anything in violation of Am-
bassador Bernstorff's statement that
the Berlin government had decided
many weeks ago not to sink liners
without warning, the mine theory is
regarded as one not easily accepted.
It is pointed out that where the Hes-
perian was struck is far beyond the
region where the British are under-
stood to have been laying mines and
in waters regarded as too deep for
mine fields.

That it was a floating mine is
then left as the only remaining the-
ory and this is regarded as doubtful.
There have not been any proven cases
of British floating mines being loose
in those waters; it is stated by na-
vigators that the currents in that region
are such that mines would be carried
northward rather than to the south
of Ireland if any laid in the channels
had broken loose. The British have
repeatedly stated that the mines they
are using conform to the regulations
of international conventions as re-
gards harmlessness in breakaway
from moorings. Officials here believe
the statements of passengers estab-
lish beyond doubt the fact that if a
torpedo was fired at the Hesperian,
it was fired without warning.

Will Inquire of Berlin.

The expectation is that the usual
inquiry will be addressed to the Ber-
lin government as to whether it has
any information about the case. An
answer to this inquiry will probably
be delayed two or three weeks,—the
Arabic was sunk nearly three weeks
ago and the German government has
not yet answered the inquiry of the
United States. Upon the responses
given by Germany in the Hesperian
case much will depend. Should the
German government deny responsibil-
ity, many here believe that it will be
most difficult for the United States to
make an issue of the case in view of
the lack of proof that it was a sub-
marine which caused the sinking of
the liner. Should responsibility be ad-
mitted, it is the hope and expectation
of Washington that the action of the
commander will be disavowed.
